General Hamilton H. Howse
Commander in Chief
United Nations Command
APO San Francisco 96301

Dear Ham:

Many thanks for your letter in connection with
my friend who wants a bataillon.*

* I usually spell
this battalion, but you know
how help is
nowadays.

I am glad that you will be able to keep him moist
along the banks of the Han.

Nothing much else to report -- this is Friday
afternoon when we shoot the spies.

Preet joins me in affectionate regards to Mary
and you.

Faithfully yours,

/s/
